

BIF BUSINESS MODEL DESIGN PROCESS

Think of Business Innovation Factory (BIF) as your R&D department for new business models. In BIF's Business Model Sandbox, you can explore and test new business models in the real world — or we can help you create a sandbox of your own.

Find out more about our services for business model strategy development, design, and testing at [Business Model Sandbox](https://www.businessmodelsandbox.com), or contact Renee Hopkins: renee@bif.is or 401-270-7906.
